SUPPLEMENTAL DECLARATION

Commissioner For Patents
Washington, D.C. 20231

Dear Sir:

Enclosed is a supplemental declaration pursuant to 37 CFR 1.67(a). The declaration previously timely mailed on May 18, 2001, in response to a Notice of Missing Parts, was incomplete in that the residence address was not complete. Also, upon inspection of the file wrapper it appears that the serial number may have been added to the declaration after signature by the inventor. Applicant did not receive the post card filed with the case or the official filing receipt (both of which contain the serial number) until after the date of the inventor's date of signature on the declaration. Applicant submits that there was no deceptive intent.

Should a fee be required for submission of this supplemental declaration, authorization is given to charge deposit account 16-2480 for any fees due.

Respectfully submitted,

By

Leonard W. Lewis
